Subject to

These papers relate to the prayer of the Jamia Mosque and Muslim Charitable Trust of Bangalore for the grant of a land, opposite to the Sri Narasimharaja Road, for the construction of a mosque

The authorities of the Mosque applied to the Bangalore City Municipal Council to grant them a piece of land to the north of Narasimharaja Road At a meeting of the Municipal Council held on 12th October 1936, a resolution was passed by the Municipal Council that the plot marked B in the plan (flagged A) may be given to the Mosque under certain conditions embodied in the following resolution of the Council

> " This Council resolves that the vacant site to the west of the Jubilee Park applied for by the Jamia Mosque authorities for the construction of a mosque be reserved for them in exchange for the land already granted for the purposes (marked A in plan) provided that arrangements are made to continue the present new road to the north of the Mosque to meet the Avenue Road, and that the new land be given to them after they collect at least Rs 30,000 and further agree to execute a registered deed to the effect that there will be no objection to the playing of music and processions in the roads round about and in the Silver Jubilee Park at any time

In their letter No L 8895/M1 151-36 dated the 17th June 1937 Government approved of the conditions with the modification that at least a lakh of rupees should be spent on the building and that, before the land was given, at least Rs 50,000 should be collected by the mosque authorities towards this object The boundaries and the area of the land sanctioned are not mentioned either in the resolution or in the report of the Municipal Commissioner

In their letter No L 6182 dated 1st February 1939, Government relaxed the condition regarding the collection of Rs 50,000 and ordered that possession of the land may be handed over There are no references in the file to show whether or when this plot of land was handed over to the Mosque authorities

The

The Honorary Secretary of the Trust applied again to the Municipal Council on 6th May 1939 praying that the condition regarding the recovery of the cost of the formation of a new road may be waived, that the idea of forming shop sites adjoining the land may be given up and that the land remaining after deducting the land required for the formation of the road may also be given to the Mosque

The subject was discussed by the Municipal Council at a meeting held on 13th May 1939 and it was resolved that land up to the edge of the foot path measuring in all 2,992 sq yds, which was 234 sq yds in excess over the original grant of 2,758 sq yds, may be given to the Mosque The area of 2,758 sq yds refers presumably to the land which the Municipal Council agreed to give to the Mosque in their resolution dated 12th October 1936 The Council also agreed not to collect from the Mosque authorities the cost of the formation of the road The plot of land granted by this resolution is shown as A, B, C, D in the plan The boundaries of the land are not mentioned The schedule of properties is not attached to the draft Agreement sent with the Municipal Commissioner's letter This grant was sanctioned in Government Order No 1125-8/M1 65-38-157 dated the 29th July 1939

The Secretary again represented that the land granted to them contained loose soil and that a better land facing Dresser Rachappa's Lane may be given At a meeting of the Municipal Council held on 14th November 1939 it was resolved that 697 sq yds of land required by the Mosque may be given to them provided they paid the cost of acquisition (including enhanced compensation, if any) At a subsequent meeting of the Council held on 19th March 1940, Mr O S N Sheriff one of the Councillors, moved a proposition that in ~~lieu~~ new of the fact that the Municipality had taken 622 sq yds of land for forming a road out of the lands granted to the Mosque, the

697 sq yards required by the Mosque may be given free of cost This resolution was approved by the Council There are no references in the file, except Mr Sheriff's statement, to show that any land was taken by the Municipality for formation of a road out of the land granted to the Mosque On the other hand, it is seen that the Mosque authorities were first required to meet the cost of forming a road and were later ~~on~~ exempted from paying this cost

When this resolution was submitted to Government for sanction, it was ordered that the cost of acquisition of 697 sq yds of land should be recovered from the Mosque authorities (vide para 12 of the notes) The President of the Mosque approached the Minister for Local Self-Government and Public Health with a request that the order may be reconsidered The L S G Minister ordered on 6th April 1942 that he sees no reason to reconsider the order of 12th April 1941

para 26 of the Note

The triangular bit of land in front of the Government Weaving Factory which had been originally given to the Mosque in lieu of compensation for land belonging to the Mosque acquired several years ago is in the possession of the Mosque authorities The proposal to take this land in exchange for the lands to the west of the Silver Jubilee Park was not pursued and this land was sanctioned as a free grant to the Mosque in Government Order No L 5944-48/M1 68-37-25 dated 12th January 1938 The question of this land is not relevant to the subject under consideration now

SUBJECT - Grant of additional land to the Jamia Mosque and Muslim Charitable fund Trust in exchange of their land

I have the honour to state that the piece of land -- measuring 2,992 square yards to the West of the Silver Jubilee Park was granted to the Jamia Mosque and Muslim Charitable - Fund Trust for the construction of a Mosque by the Government in their Order No L 1425-8/M1 65-38-157 dated 29th July 1939 Accordingly, the possession of the land was handed over - The Secretary, Jamia Mosque, in his letter dated 21st August '39 stated that the upper soil of the site granted was loose and as they intend constructing a building costing a lakh of -- rupees, they wanted a better suited land He requested the grant of the land facing the Dresser Rachappa's Street which adjoined their site and which had been acquired in the Silver Jubilee Park Road scheme, the cost of which was met from -- loan funds 697 square yards of land was available and the City Improvement Committee resolved at their meeting held on 18th October 1939 that the additional plot applied for be - granted subject to the conditions that the entire cost of

of the acquisition should be paid ~~and~~ as the land had been acquired by the Municipality for the new road and that they should execute an agreement agreeing to pay the enhanced compensation also, if - any, ordered by the Civil Court. This subject was placed before the Council on 14th November 1939 and they approved the recommendation of the City Improvement Committee with an observation that -- they had to pay the cost of acquisition including the enhanced -- compensation after giving a set off for the value realised from the sale of materials of the dismantled buildings that existed on the - land Subsequently, Mr. O S Nasarulla Sheriff, Municipal Councillor moved a proposition to the effect that the additional land should be granted free in exchange of their land measuring 622 square yards - taken for the formation of the New Road and free from the conditions laid down by the Municipal Council on 14th November 1939 and this -- was approved by the Council on 19th March 1940 The fact is that -- 662 square yards were not taken from the Mosque authorities but it represents the land originally applied for by them It has therefore to be considered only as an additional grant to them free of cost, the Municipality bearing the cost of acquisition. I enclose herein copies of the resolutions of the City Improvement and the Council meetings held on 14th November 1939 and 19th March 1940 for information and request that orders of Government may be kindly obtained to the latest resolution of the Municipal Council

RESOLUTION -

The plots applied for may be given to the Trust on the following conditions -

1 The entire cost of the acquisition which was recently done by the Municipality should be paid by the Trust

2 The Trust should undertake to pay by an agreement any further or additional compensation that may be claimed and awarded

3 The properties should be incorporated into the Masjid area and for the purposes of the Masjid

4 The Trust should not utilise the portion facing the road on the northern side for any shops

5 A registered agreement may be obtained for fulfilling these conditions, the failure of which gives right to the Municipality to claim back the property

PROCEEDINGS OF THE MEETING OF THE BANGALORE CITY -- MUNICIPAL COUNCIL HELD ON 14TH NOVR (40) 1939

Subject No. 38 -

Opinion of the City Improvement Committee dated 18th October 1939 that an extent of 697 yards of land on the western side of the site granted to the Jamia Mosque may be given to the Jamia Mosque and Muslim Charitable Trust Fund subject to certain conditions

---

Mr. R Venkataswami moved and Mr. M Muniswami seconded

Mr Mirza Azeezulla Beig observed that the land originally given was about 3622 sq yards of which some portion was taken away by the Municipality for the formation of roads and that what they are now asking is a little over and above the area taken by the Municipality He observed that as the -- Municipality had given such a big area, it may just extend its generosity and give this area also free of cost

Dr Royan observed that if the Municipality had taken some portion out of the land granted for a road, then it was but right that the portion asked for may be given to them

The President observed that as the portion asked for by the Mosque authorities is not municipal property and as they will have to acquire and pay for it and then give it to the Mosque, it was but just that the Mosque authorities should pay the actual cost of acquisition including the enhanced compensation, if any

Mr M R Narasimha Iyengar supported the President's suggestion and said that as the Municipality has to pay for the land, it was but right that the price should be paid by the Mosque and that this will after all be very little

Mr B Abdur Rahmon also said that since a portion of their land was taken away for the road, it was but right that the Municipality should compensate this and so said that the area prayed for may be given free

Mr T L. Gangoji Rao supported the President and said that the actual cost of acquisition may be taken and the land given to the Mosque

Answering a question of Mr Mirza Azeezulla Beig re the setting off the value of the materials of some buildings that existed on the land, the President replied that this amount will be deducted out of the entire cost and that the Mosque authorities will have to pay only the balance

RESOLUTION -

The land prayed for may be given to the Mosque for the cost of acquisition including the enhanced compensation as per City Improvement Committee resolution after giving a set off for the value realised from the materials of the dismantled buildings that existed on the land.

PROCEEDINGS OF THE MEETING OF THE CITY MUNICIPAL COUNCIL

BANGALORE CITY HELD ON 19th MARCH 1940

-o-

Subject No Addl Propn 1 -

Mr O S Nasarulla Sheriff to move -

"In view of the fact that the City Municipality had taken 622 square yards of land out of the land granted to the Jamia Mosque for the laying of the new road connecting the Town Hall with the Avenue Road, the Municipal resolves to grant 697 square yards of land on the western side of the site granted to the Jamia Mosque and Muslim Charitable Trust Fund, free cost, and free from conditions which the Municipal Council has laid down in this connection in its resolution on item No 38 of the -- Agenda passed on 14th November 1939 at the adjourned ordinary General Meeting of the City Municipal Council, Bangalore "

Mr O S Nasarulla Sheriff moving his proposition said that the Municipality had taken some lands belonging to the Mosque and had given in exchange a plot smaller in dimension and had agreed to give the plot applied for if the Mosque was prepared to meet the cost of acquisition, etc , that this -- would be burdening the Mosque with extra cost and requested that the piece of land may be given away free

Mr K Gubbiah seconding the above said that the purpose for which they were asking the land was a charitable one and that as they had given other charitable institutions lands free of cost, they may extend the same consideration to this also

Mr M R Narasimha Iyengar speaking next observed that when the Municipality had paid for the acquisition of land, it was rather strange that the land should be given away free, that they had not done so at any time, and that it is better the Trustees pay for it and take it, as resolved by the Council

Mr B L Byanna observed that the parties from whom they had acquired the land had gone to Court for enhanced compensation, that it was not known what amount the Municipality will have to pay finally and that unless their commitment is definitely known, it was not desirable to come to a decision in the matter of giving the land free He suggested that the entire question may be sent back to the Commissioner for a detailed note re the pros and cons of the case

The Commissioner explained to the House that the Council had previously decided to give the land asked for for the amount the Municipality had paid for acquisition and also enhanced compensation, if any, and that now they want the land to be given free and unconditionally

Then the proposition was put to vote and passed

Dear Sir,

I beg to bring to your kind notice that Government in their order No Z 8895 dated 15/17-6-1937 and Order No Z 6182 dated 1-2-1939 were generously pleased to grant a piece of land on the Sri Narasimharaja Road for the construction of the Jamia Mosque The area granted was about 4234 sq yds marked yellow in the accompanying sketch

For the construction of a new road and forming foot paths an area of 1242 sq yds was taken over by the Municipality out of the land granted by Government to the Mosque

There is a plot of land measuring 697 sq yds belonging to the Municipality adjoining the land granted to the Mosque The mosque authorities requested the Municipality to grant this piece, which was about half of the area taken away by the Municipality and the Municipal Council resolved in their Meeting dated 19th March that this land may be granted to the Jamia Mosque Trust in lieu of the land the Municipality had taken from them

We have now received an endorsement to the effect that the land we want shall be given to us on our paying Rs 9659-13-6

We beg to say that it would b

We beg to say that it would be hard on the Moslems authorities to ask them to pay this amount when whatthey wanted to get was only half of their legitimate due and when the Municipal Council being convinced of the legitimacy of their claim had resolved to give this land free to them.

I request you to kindly grant us redress in the matter. The Trustees will be obliged if you will kindly grant them an interview to personally represent their case to you.

Yours sincerely,

SIR

With reference to your letter No L 3395 dated 1st November 1941 calling for a report regarding the grant of land for the Jamia Mosque in Silver Jubilee Park, I have the honour to state that a piece of land measuring 2992 Square yards to the West of the Silver Jubilee Park was granted to the Jamia Mosque and Muslim Charitable Fund Trust, free of cost, by the Government in their order No L.1125-8/ LL 65-38-157 dated 29th July 1939 Accordingly, the possession of the land was handed over The Secretary, Jamia Mosque represented that the land contained loose soil and as they intend putting up a costly building they wanted a better suited land facing the Dresser Rachappa's lane which adjoined their site This was placed before the City Improvement Committee and they resolved to grant the said land subject to the condition that they should pay the cost of acquisition of the land and also the enhanced compensation, if any The subject then came up before the Council who approved of the same with an amendment that the cost of the acquisition after giving a set off for the value realised from the sale of building materials should be borne by the p a r t y . Subsequently, Mr O S N Sheriff, Municipal Councillor, moved a proposition to the effect that land measuring 622 Square yards taken for the formation of the new Road and free from the conditions laid down by the Municipal Council on 14th November 1939 should be granted and this was approved by the Council on 19th March 1940 As there were no relevant references

to show

to show that the land was taken from the Mosque authorities, it was thought that it should be considered as an additional grant of land and a report was therefore submitted to Government in this office letter No A6 Dr.194/40 dated 7th December 1940 for orders. As ordered by the Govt., the Mosque authorities were asked to intimate whether they were willing to pay the cost of the acquisition of the land for which they wanted reconsideration of the question. A reply was sent intimating that their request cannot be reconsidered.

I have the honour to be,
S i r,
Your most obedient servant,

Forwarded with compliments.
